

COURSE DESCRIPTION

C.E.R.T. BASIC INSTRUCTOR COURSE

Designed for operators and on-scene supervisors, this exciting program teaches students how to operate in a high-risk correctional environment and handle unruly, belligerent and dangerous inmates. It teaches tactics designed for a successful outcome and prepares students to become instructors in those tactics.

COURSE OVERVIEW

This 3-day course is dedicated to the corrections field and specifically addresses problems found in a correctional environment. With classroom and practical application, this course covers all aspects of dealing with situations inherent to the correctional officer. Students will participate in classroom, hands-on and scenario-based training activities. Students will operate alone and in a team. The course was designed and is taught by corrections experts with real-world experience. Each instructor has worked in a correctional facility with practical applications based on the instructor's actual experiences. All aspects of force are included, such as shields, impact munitions, chemical agents and batons.

Day One:

- Cell extractions
- Small-room clearing
- Large-area clearing
- Less lethal munitions
- Chemical agents

COURSE BENEFITS

This course is conducted by real-world professionals with strong operational experience in their respective fields.

- Learn to demonstrate and be familiar with techniques, tools and liabilities as it relates to cell extractions.
- Learn to demonstrate and be familiar with techniques, tools and liabilities as it relates to indoor/outdoor small area disturbance control and outdoor large area disturbance control.
- Learn to demonstrate and deploy less lethal, chemical agents and equipment necessary to quell a disturbance in a correctional environment.
- Learn to demonstrate the ability to instruct all concepts taught in this course.
